*A unique approach; a songwriter's album of acoustic-born "nerd-rock" recorded with love and mixed with care.*

---  
 "I love these songs and the collaborations I had in recording them. I love that so many good talented people wanted to contribute just for the fun of it. This is an album full of happy-accidents. Everyone just did what they do and it just worked. "

Born and raised near Chicago, IL, CJ currently resides with his wife and son near Nashville, TN.

**Featuring:** **Barry Lawson** (TV's *The Avengers*, *Ultimate Spiderman*), **Pat Buchanan** (*Daryl Hall & John Oates*, *Will Hoge*, *Faith Hill*), **Jason Gantt** (*Tim McGraw*, *Brooks & Dunn*, *Alison Krauss*), **Scott Velazco** (*Sara Evans*, *Corb Lund*, *Steven Curtis Chapman*), **Tony Harrell** (*Taylor Swift*, *Peter Cetera*, *Little Big Town*), **Elisha Hoffman** (*Rose Falcon*, *Country Strong Soundtrack*), **Tim Brennan** (*Jason Aldean*, *Trace Adkins*)

---  
**Mixed by Ben Strano** (*Dan Baird*, *Amy Grant*, *Kenny Chesney*, *Poco*, *Jason and the Scorchers*, *Kim Mitchell*, *Natalie Stovall*, *Kristen Cothron*, *David Newbould*)

<b>1. Fork In The Road</b>	There are many decisions that need to be made, including the decision to keep moving forward.
<b>2. My Story</b>	A comment regarding the fact that some of my songs tend to be all about me resulted in this song that is <i>literally</i> all about me.
<b>3. Circus Music</b>	<b>1st single</b> - A circus clown considers his career choice; has trouble being taken seriously.
<b>4. Someday Monkey</b>	A song about songwriting. Also, 'Sont les mots qui vont tres bien ensemble', if you get my french.
<b>5. Point of No Return</b>	A positive song about a negative thing; moving right along...
<b>6. Crime of the Century</b>	An experienced bank robber takes on an apprentice that screws-up their first heist together, but the apprentice doesn't get caught.
<b>7. Say Goodnight</b>	A goodnight song for kids, specifically my own son, who helped write the lyrics for this one.
